Grateful Chorus
by Nancy Silber

To the ones who **came** before us,
(2nd voice starts from beginning)

we sing a grateful chorus,

thank you.

Let Justice Roll
by Aileen Vance

There is no freedom,

the wise man said let justice roll

down, roll down

when the poor cry out for shelter &

bread

let justice roll down like a mighty stream

Let Justice Roll
by Aileen Vance

Oh, children don't you get weary

walk together, believe in that dream

when the way gets rough, we'll make a new way

let justice (LOVE / PEACE / SONGS)

roll down like a mighty stream

Let Justice Roll
by Aileen Vance

Hatred will never drive out hate

Let LOVE...

remember our hearts can make us great

Let LOVE **roll down like a mighty stream**

Let Justice Roll

by Aileen Vance

When brutality threatens our

daughters & sons

Let PEACE...

may-our-voices ring out

above the guns...

Let Justice Roll

by Aileen Vance

When fists rise up to strike a blow

let SONGS...

may-the-poets remind us of

what we know...

Let Justice Roll
by Aileen Vance

Step by step & one by one /

let JUSTICE...

They can kill the prophet but

the dream lives on…

Only Love
by John Prime

You may live alone and close your eyes.

Some folks do.

You may dream a dream that’s

twice your size.

Only Love
by John Prime

All night through

When the morning comes who’s

to tell your dreams to,

Only you

Only Love
by John Prime

Only love, (x3) Will Do

Only love, (x3)Comes true

Nothing else, you see, there nothing else

Only love, only love

Only Love
by John Prime

I have known a love within my heart. One or two

Where one love would end and one would

start. I never knew

If love should come your way you'll learn

to say I love you, - I love you
